

IT Helpdesk FAQ

How do I reset my password?

Go to the password reset portal, enter your employee ID, and follow instructions.

VPN is not connecting. What should I do?

Check internet, restart VPN client, and verify credentials.

How to install software?

Use the internal software portal or contact IT support.

Printer not working?

Check connections, restart printer, reinstall drivers.

How to raise a ticket?

Use IT portal or email helpdesk with issue details.
